SMALL ADS

Now internet only

Due to the time lag between member ads being submitted, the magazine being posted to members, and the two-month life of Cycle magazine, most advertised bicycles are sold through other channels prior to the ads appearing.

Therefore we have introduced a members' sales area on the CTC forum, which gives all members easy, fast access for selling their bikes and kit. There are two quick and easy ways to sell your items on the forum:

1. If you have access to a computer, go to: www.ctc.org.uk
> CTC Forum (in the left column) > scroll down to Forum – For sale, wanted, swaps, free. And then just register and place your advert.

2. If you are not able to access a computer or would like help with your entry, please call the CTC helpdesk on 0844 736 8450 between 9.30am and 4.30pm. One of the team will place your advert for you.

PRIZE DRAW

WIN!

THE WHOLE OF BRITAIN ON MEMORY-MAP AT 1:50K – TWO PRIZES WORTH £195.74 EACH!

If you buy OS Landranger® mapping for the whole of Britain from Memory-Map instead of on paper, you'll save more than £1200 and a shelf-full of space. And you can do much more with the maps: running Memory-Map on your PC, the maps are seamless. You can see 3D views, zoom in or out, plot routes (calculating distance and height gain), print maps, and transfer the data to a different scale map, to a GPS, or to a Smartphone running Memory-Map's mobile version, Pocket Navigator™.

And that's just the start.

Thanks to Memory-Map, we've got two Memory-Map Great Britain Complete Series OS Landranger products to give away.

When we examined digital mapping software recently, we were impressed with the wide range of mapping available for Memory-Map. As well as Ordnance Survey maps for the UK (in various scales), there are A-Z street maps, Cassini historical maps, and – crucially for touring cyclists – mapping for Europe and the rest of the world. So you'll never get hemmed in by the program's coverage. We were also impressed with Memory-Map's range of features, in both the main program and the mobile version. 'Memory-Map is the most functional,' we said.

To find out more about Memory-Map, or to get a free download of the software and some trial maps, visit www.memory-map.co.uk
