### 2 Tern Doghouse Mini £335

### 3 Sea to Summit Telos TR2 Bikepack \$649

The Telos TR2 tent gets a bikepacking makeover. Poles are shortened to 12in for portability, it packs into dry-bags, and there are attachment points to fix it to your bike. [seatosummit.co.uk](http://seatosummit.co.uk)

### 4 Rapha Trail Hip Pack £60

Bumbags are evidently back for mountain bikers (and gravel riders). This one has a 3L volume, a drawcord for securing a jacket, and two side pockets big enough for water bottles. [rapha.cc](http://rapha.cc)

### 5 Ashdown 3-Point Camera Strap £39 or £49

Need to keep your camera handy on a ride? Ashdown's strap also connects (with a Fidlock magnetic buckle) across your chest, keeping it stable like a courier bag. Padded straps are £10 extra. [ashdownbags.com](http://ashdownbags.com)

### 6 Raleigh Motus Grand Tour Hub £2,799

The new version of Raleigh's top-end Bosch-powered e-bike has been commutered with a 7-speed hub gear option and a battery (500Wh) that's hidden in the frame. [raleigh.co.uk](http://raleigh.co.uk)

### 7 Tyre Glider £9.99

We missed this from our review of tight tyre tools (p69) but it looks interesting. There's a video on the website showing how it works. [tyreglider.co.uk](http://tyreglider.co.uk)
